Caution: Beware of Fake Emails

We have learned that somebody is sending fake emails purportedly in the name of our group company or officers. These email messages, which appear to be sent by our company, but they are fake ones. Please note that Fuji Oil Group has absolutely nothing to do with these email messages.

By replying to this type of email, you may run the risk of money transfer fraud, phishing and other scams. Your personal or otherwise important information may be stolen, and you also expose your computer to virus infection.

Do not respond to such e-mail, but delete it from your computer.

In addition, if you have any questions or concerns regarding suspicious mail, please contact us from the inquiry form.
